

Course Length: 4 hours

Course Objective:

- All awareness level employees who are likely to identify a hazardous substance release should be trained in a 4-hour awareness course. This training will make the employee aware of the emergency response plan and how to follow it in an awareness level.

Course Design:

- Narrated e-learning modules

Successful Course Completion:

- Requires successful completion of knowledge assessment.

Course Outline:

- Use of DOT Emergency Response Guidebook (ERG)
- Ability to identify hazardous substances
- Recognition of hazards
- Local response plan
- Regulation Overview
- Site Characterization
- Hazard Recognition
- Site Control

Post Training Evaluation:

- The employer shall ensure that each employee is evaluated to confirm that he/she understands the information provided in the training.

Reference Material / Documents:

29 CFR 1910.120
